

# *The camping trip*

*Written by Nour*

*On a spring morning, when the sun was out and the flowers opened the Vokes were going camping to Anylane. It's a long drive and far away but when you get there you don't regret the trip it's so beautiful the camp spot. There's a waterfall and when you wake the birds are singing to your ears, there are animals and beautiful creatures out there, there's a fishing spot and a lot of nature.*

*Down at Gumbery St there was a family called the Vokes. A girl called Vanessa, her parrot Cheeky and her mum and dad. They decided to go camping for their holiday.*

*Vanessa is an 8 year old girl, her favorite thing in the world is her pet bird Cheeky. She raised him and it means a lot to Vanessa. Cheeky is a Conya, that's a type of bird.*

*Vanessa is packing her suitcase she doesn't want to forget anything so she made a check list.*

*After that they all got in the car and started their journey but it was a long drive.*

*1 hour later Vanessa fell asleep and kept sleeping for three hours. Her mum woke her up, but there was still another two hours left to drive.*

*Vanessa looks out her window and they are there. Vanessa's jaw dropped, she was so excited. When her dad told her about the place he described it just the way it was, Vanessa was so excited she was jumping up and down. After they parked, Vanessa ran out of the car but her dad told her she had to help unpack or she won't get to help make the camp fire and she would have to go to bed early. But the bad news was they can't camp near the waterfalls there was a particular place you had to camp on to have a camp fire.*

*The parrot Cheeky is in his cage asleep. We had to set up the tent and put everything inside it, it was already to sleep in. Vanessa went out to play while her parents and Cheeky had a rest.*

*While Vanessa was playing she found a key on the ground it said FISHER MAN on it. Vanessa was on a mission to find the owner, this mission was an interesting one. But how is she going to give it back, her dad said there was a fishing spot close by. Maybe she could go there and ask if any one had lost their key. She decided that this was the best thing to do. She asked her dad if she could go, he said yes, so she found her way to the fishing spot.*

*She saw a little cottage it looked more like a big shed, the lights were on so there must be someone in there. Vanessa knocked she was a little bit scared that the person might not be nice. There was a deep unfriendly voice, "Who's there!" Vanessa didn't say a word she was too scared. The door opened and Vanessa said I found this key is it yours? The man was so friendly. He said, "Oh yes I did lose it." He said thank you and went back inside and gave her a locket. Thanks for finding it. The locket was his daughters. Vanessa said where's your daughter? Sadly she passed away so take care of the locket.*

*The Vokes had a camp fire and went to bed.*

*Read along and you will find out  
about Vanessa's adventure. Vanessa  
is a 8 year old girl and she is going on  
first camp trip to Anylane.*
