Important Dates to put in the diary

Friday 27th March EASTER HAT PARADE & RAFFLE 9.05 AM
Assembly—9.30 AM

Last day of Term 2.30 pm finish

Monday 13th April Term 2 Resumes 9 am
Monday 13th April Grade 5/6 Camp to Lake Dewar
- Wednesday 15th April
Monday 20th April School Photos
Grade 3/4 Excursion to WWI Exhibition
Wednesday 22nd April Prep Incursion—Market Fresh
Thursday 23rd April Year 7 Expo 11.30 am—1.00 pm

We would like to wish the following students a very happy birthday.

Bailey, Prep P
Lily, Prep S
Phuc, 1/2R
Emily, 3/4N
Isabelle, 3/4O
Chloe, Prep P
Bella, Prep P
Evelyn, 1/2C
Eve, 5/6M
Max, 3/4O
Emmersyn, 1/2L
Eden, Prep C
Khaled, 1/2L
Gabby, 1/2M
Fadwa, 1/2L
Macy, 1/2L
Ben, 3/4H
Nyeema, 1/2R
Jasper, 1/2O
Jackson, 1/2M
Jake, 3/4G
Charlie, 1/2C
Ellie, Prep C
Ethan, Prep P
Fletcher, 5/6W
Amelie, 1/2L
Archie, 3/4O
Kody, 5/6D
Aria, 1/2L
Oscar, 3/4M
Sophia, 1/2O
Mona, Prep C

AWARDS

Congratulations to our award winners:

Immy, 3/4M
Ritaj, Prep C
Ayla, 5/6W
Mohamed, 1/2M
Mia, 3/4G
April, 5/6W
Grace, Prep S
Ingrid, 1/2M
Ned, 3/4H
Betul, 3/4H
Gideon, 1/2R
Laura, 5/6D
Will, 1/2O
Daniel, 5/6L
June, Prep P
Hannah, 3/4G
Amy, 3/4N
Manie, 5/6L
Lola, 3/4M
Benjamin, 1/2C
Farouk, 5/6M
Kobi, 3/4N
Harrison, Prep S
Jairus, Prep P
Jamana, 1/2R
Waled, 1/2L
Alex, 5/6M
Jasper, 1/2O
Sunday, Prep C

Yard Duty
Supervision

8.45 to 9.00 am and 3.30 to 3.45 pm
Dear Parents

**Bike Safety** It has been wonderful to see the large numbers of students that ride and walk to school as a daily routine. Our new bike storage areas are almost filled to capacity each day and we are currently investigating a storage rack specifically for scooters to allow greater space for bikes. Riding and walking to school has extensive benefits to the environment, improves traffic management around the school and is beneficial to the health of the child. Unfortunately there can also be a greater risk to the safety of the child if they do not know, or choose to ignore, the road laws and basic safety rules.

In the last week we have had a number of distressed parents contacting the office in regards to children riding to or from school carelessly on their bikes and scooters. On two of the occasions the parents have had to take evasive action to avoid a collision which inevitably may have resulted in a serious injury to the child.

We know that the children attend Newport Lakes because of the uniform they were wearing but identifying the individual child is often much more difficult. I was able to follow up directly in regards to one incident and make the children aware of their actions and the serious risk of the incident. The two children were only vaguely aware of the incident and had little awareness of the risk to their safety.

The main focus of my message to all children at assembly last week was the need for greater attention to safety on their bikes and scooters but if your child travels to school or anywhere on our streets without adult supervision either by bike, scooter or walking, then I strongly recommend that this matter is explored and taken further at home.

Parents need to take the time to give their children personal instruction and experience on road safety. Parents need to travel the journey that your child takes to school with them either on your bike or scooter. Explain to them the rules, the potential hazards, where they should be located on the roads, things they should and shouldn’t do and how a driver may react to them on the roads. Make the most of the experience that you have and share this with your child.

Road safety is covered in all classrooms but it can never be covered to the extent and practical experience a parent can give to their child in this area. When our children prepare to drive a motor vehicle on the roads they are to have 120 hours of adult supervision and guidance. As an experienced cyclist, I believe it is much more dangerous on the roads on a bicycle than in a car yet there are no minimum hours or supervised practice or guidance required to ride a bike on our roads. I would recommend that parents take some quality time this week-end or over the holiday period to spend with their child/Ren specifically on teaching and reinforcing to them safety on our roads. It may be the most important time you ever spend with your children!

**Elm Tree** In last week’s strong winds two large limbs broke away from the beautiful elm tree in the playground. Fortunately damage was limited to the fencing around the dumper area and we were able to screen off the area and have an arborist and his assistant on site within the hour. Work was carried out throughout the day to clear the site and to ensure the tree was safe. Further work to reduce the size and assist with future growth was then carried out earlier this week to hopefully save the tree.

The trees in our school grounds are annually inspected and maintained by a trained and accredited arborist. This does not guarantee that branches will not break or fall from a tree but ensures that our trees are healthy and any known problems such as dead or weakened branches are removed. School council is very aware of the value of the wonderful trees in our school ground and how much they mean to our community. The school allocates a considerable budget (well in excess of what the Department funds for the maintenance of our entire grounds) to care for and maintain the trees in the school grounds. Parents can be assured that whenever a tree is damaged we always endeavour to save the tree but never at the cost of the safety of our children and school community.
Chicken Pox  A higher than usual number of cases of chicken pox have been recently recorded at school. Parents are sent an email whenever a recorded case of chicken pox is reported to the school.

‘Children with chickenpox should not go to school, kindergarten or creche until the last blister has dried. You should tell your child’s school, kindergarten or creche if your child has chickenpox, as other children may need to be immunised or treated. Children and adults can be immunised against chickenpox.’

Further information on chicken pox including symptoms, exclusion from school, complications, causes, immunisations and treatment can be found at the better health channel website http://www.betterhealth.vic.gov.au/bhcv2/bhcarticles.nsf/pages/chickenpox

The better health website is produced in consultation with and approved by:

Yr. 7 Expo  Many of the local secondary schools are currently conducting ‘open days’ and information sessions for prospective enrolments. I would encourage all parents of children in yr.4-6 to take the opportunity of visiting these schools to see which one ‘fits’ your child.

To assist this often very difficult decision of selecting a future secondary school, we will be conducting a Yr. 7 Expo early in term 2 for all the yr.5/6 students in our local state school area. We have invited all the local state secondary colleges to come along to Newport Lakes PS and give a short presentation to the students about their school and the transition journey from Yr.6 to Yr.7. Students from the following schools will be presenting at the Expo: Bayside Secondary – Altona Nth and Williamstown Campus, Footscray City College, Gilmore Girls College and Williamstown High School.

Parents are most welcome to attend the Yr. 7 expo but please remember that the presentations are targeted to the students and not the adults. Topics of student interest such as homework, canteen, camps, student lockers etc. will be the focus of the presentations.

The expo will be conducted on Thursday 23rd April in the MPR between 11.30 - 1.00pm

Yr. 5/ 6 Camp  Term two begins with a 3 day camp to Lake Dewar for our Yr. 5/6 children. Located only a little more than a hour away, the Lake Dewar ‘packs’ in a variety of adventure activities including mountain bike riding, canoeing, bush walking, archery, geocaching (high tech orienteering), leadership, tunnelling and the best flying fox I have ever experienced at a school camp.

There are also many social and recreational activities such as the ‘talent show’, star wars, dining room duties and plenty of opportunities to ‘chill out’ and socialise. The Lake Dewar Camp proved to one of the most popular primary school memories for many of our students in the past and I’m personally looking forward to the experience to begin term 2.

Building & Ground Works  There is much going on by means of building and grounds improvement over the holiday period. The southern corridor (Yr. 1/2 and Yr. 5/6) will be re-painted and carpeted similar to the works that were undertaken in the administration / Prep corridor last year.

Landscaping improvements will also be made to the area in front of the outside portable classrooms with the installation of further synthetic turf and pathways. The upgrading of the school oval is going along quite well with good establishment of the village kikuya grass but it will still take a little further time before we can access this area again as a play area. It will take time but often good and worthwhile things take time.
Parents Club  The Newport Lakes Primary School Parents Club is a very active and important part of our school community. Mel Davies will need to ‘step down’ from her role as Co-ordinator of Parents Club in 2015 and a new parent will be required to take on this role. If you believe you could assist in this role, or would like more information about Parents Club or the role of the Co-ordinator please contact Mel, Jacqui Lomas or Kylie Halarakis directly or leave your details at the office and a representative will contact you.

The Parents Club provides many wonderful and beneficial programs and services to the school and without a Co-ordinator, it cannot operate. If you believe that you may be able to assist please consider the possibility of taking on, or assisting, in this role as it will be a great loss to our school and students if the Parents Club does not continue in 2015 and beyond.

Easter Hat Parade and Assembly  On the morning of the last Friday of the term, we will be having an Easter Hat parade immediately followed by a school assembly. Apart from our usual awards and announcements we will also be drawing ‘The Easter Raffle’ at the assembly. This will ensure that we are able to get all the prizes to the winners before the end of the day and we go on term holidays. **Please note that there will NO assembly held at the end of the day.**

We are very quickly coming to the end of another wonderful term at Newport Lakes Primary School. All of the children and staff will be looking forward to a well earned holiday to have a bit of a rest before we begin another activity packed term. I am again off to the Byron Bay Music Festival with my youngest son. It has become a traditional road trip which I fondly look forward to each year. I believe I may even see one of our staff members performing on the big stage at this year’s festival which will be very special.

I hope your family also gets the opportunity of having some quality time together and enjoy a fabulous break.

David Moss
Principal

**PREMIERS’ READING CHALLENGE**

The 2015 Victorian Premiers’ Reading Challenge – which encourages children to read more books and to read more widely – is now open.

The Challenge aims to help children and young people develop a love of reading with the support of parents, teachers, early childhood professionals, schools and classmates.

To take the Challenge, children must read a set number of books and record their efforts online. There are over 9000 titles on the Challenge booklist, which is updated regularly by an expert panel which includes teachers and librarians.

Any students interested in participating can download a consent form from the school website and return it to their classroom teacher. Once forms are received log in details will be provided to parents so you can enter all books read.

If you have any queries please see Diana Stefanovic (Prep S) or go to the website http://www.education.vic.gov.au/about/events/prc
Here at Newport Lakes PS we are very pleased to report that we have introduced a new additional literacy intervention program in 2015.

*Leveled Literacy Intervention (LLI)* is a small-group, supplementary literacy intervention designed to help teachers provide powerful, daily, small-group instruction for the students in Years 2, 3 and 4 who are experiencing difficulty with reading and writing. Through systematically designed lessons and original, engaging leveled books, *LLI* supports learning in both reading and writing, helps students expand their knowledge of language and words and how they work. The goal of *LLI* is to bring students to grade level achievement in reading. *LLI* is designed to be used with small groups of students who need intensive support to achieve grade-level competency.

*LLI* provides:

- A combination of reading, writing, and phonics/word study.
- Emphasis on teaching comprehension strategies.
- Explicit attention to genre and to the features of nonfiction and fiction texts.
- Special attention to disciplinary reading, literature inquiry, and writing about reading.
- Specific work on sounds, letters, and words in activities designed to help students notice the details of written language and learn how words "work".
- Close reading to deepen and expand comprehension.
- Explicit teaching of effective and efficient strategies for expanding vocabulary.
- Explicit teaching for fluent and phrased reading.
- Use of writing about reading for the purpose of communicating and learning how to express ideas for a particular purpose and audience using a variety of writing strategies.

The program is in its early stages but already we have noticed a significant improvement in the participation levels and confidence shown in regular literacy lessons by our LLI students. We are confident that the program will continue to be of great benefit to students at Newport Lakes PS.
Premier’s Active April

Premier’s Active April encourages all Victorians to do 30 minutes of activity a day during April with the aim of incorporating physical activity into their ongoing daily routine. Each grade in the school has set up class teams which will allow them to monitor, chart and compare activity between classmates and other grades, as well as their own family members.

Students will able to download certificates of achievement once they reach a certain number of active days during April. Schools will also have the chance to win some great prizes such as sporting equipment and visits from high profile sporting personalities. To join your class team, you will first need to complete the consent form located at [https://www.activeapril.vic.gov.au/wp/wp-content/uploads/2015/01/Premiers-Active-April-2015-Consent-Form.docx](https://www.activeapril.vic.gov.au/wp/wp-content/uploads/2015/01/Premiers-Active-April-2015-Consent-Form.docx)

This form will give you the information required to register your child and join your class team.

Parents can also register by selecting ‘I am a Parent’ and complete the registration form. Let’s get Active in April!!!

Summer Sports Reports

On Friday, 20th March, many students in grades 5/6 went to four different venues to represent our school in the district’s Summer Sports competitions.

Our two Kanga Cricket teams travelled to Yarraville Gardens and performed very well. They finished in second and third place, combining for nine wins out of twelve matches played.

Our Volleyball teams found the competition quite difficult, but all the students involved had a great day and James was impressed with their application, persistence and team spirit.

The Touch Rugby Gala Day was a success. The students were treated to a clinic, traditional Fijian dance and a sausage sizzle. The rugby wasn’t bad either, with both teams winning and/or drawing several games.

We also sent a Softball team to Lynch Reserve in Altona North. Our team won two games out of six and thoroughly enjoyed the day.

Well done to all students who participated on the day. Thanks also to all the staff who were involved and to the parents who came along and supported our teams.
Western Region Swimming Championships

On Tuesday, 24th March, five students from Newport Lakes participated in the Western Region Swimming Championships in Geelong. Macayla swam in two individual events and Jacob in another and both students swam extremely well.

The highlight of the day was when our 12 year old boys freestyle relay team won a silver medal in their race for the second consecutive year. Unfortunately, the boys needed to finish first to progress to the State Championships. Nevertheless, we would like to congratulate Jacob, Seb, Max and Henry on their wonderful achievements in the pool.

Easter Hat Parade/Raffle

An Easter Hat Parade will be conducted on the last day of term, Friday 27th March in front of the new portables. All hats need to be made at home. The parade will begin at 9.05am and all grades will be participating in the event. Parents are most welcome to remain when they drop off their children and watch the parade. An assembly will be held after the parade. The Easter raffle will be drawn at this time.

Easter raffle tickets will be sold before school on Friday.

Thank you to all the families who have donated lots of goodies for the raffle.
Farewell to the Newport Lakes Community

Most of you will be aware that this Friday Olivia, Elisabeth and Louise will be leaving Newport Lakes to live closer to family out east.

Whilst this is a new journey we are taking on, we will miss the wonderful friends we see in a daily basis at Newport Lakes and in and around Newport and Williamstown.

From the moment we engaged at Newport Lakes, we have felt part of the community, and enjoy the people we have met and great times we have spent with them.

Thank you to everyone for your commitment and support of our family and dedication to the education of Olivia, Elisabeth and Louise.

If we do not get a chance to see you before we go, we wish you well and hope to stay in touch. We will visit the area from time to time.

If you would like to stay in touch, the girls would love to Skype, email or snail mail, so please send an email to Susan.l.mackay@gmail.com

We will see you around!

Olivia, Elisabeth, Louise and Susan
I’m pleased to announce our Office Bearers for this year: Dave and Jen Child who have agreed to be joint Secretary this year and Daria Hewitt who is continuing in her role as Treasurer. It’s wonderful to have a mix of old and new families in Parents Club.

I will be stepping down as the Parents Club Co-ordinator (President) at the end of this term. Unfortunately, the position is still to be filled and I regret that Parents Club will be entering into a Caretaker Period until it is. We will still be providing some tried and true events during this period and the Club will hopefully be up and running at full capacity again soon. If you are interested in filling this position please contact me to discuss at jonmel@bigpond.net.au. No previous experience is required. You will receive lots of support and can easily learn on the job.

We have had some great events this term that deserve mentioning…

Thank you to Jacqui Newbegin for running the Sushi Special Lunch Order. Over 200 kids enjoyed a treat for lunch.

Thank you also to Michelle Gowing for organising the Prep Dance Party. Michelle tells me the preps really enjoyed participating in the musical activities. Grade 1/2s will have their chance to socialise with their own Dance Party to be held in Term 2.

Jacqui Lomas has done a wonderful job organising the icy pole days this term, thanks Jacqui. Look out for them returning in Term 4.

And a big thanks to Allana Arapakis who worked behind the scenes once again to ensure each class has a Parent Representative and to get the class Friendship Lists up and running.

A new parent to our school, Michelle Kinniburgh, is doing a fantastic job running the Easter Raffle, which will be drawn on the last day of term. Thank you to those families who generously donated Easter goodies for the prizes and good luck to all who bought tickets.
On a personal note, thank you to everyone I have worked with in my role as Parents Club Coordinator these last 12 months. There are too many to mention but in particular Daria Hewitt (our Treasurer), Jacqui Lomas (our previous Co-ordinator), Kylie Halarakis (School Council President), Allana Arapakis, David Moss and Sue High have been very supportive and have always been available to give opinions or assistance when I’ve needed it. I’ve got to know (or know better) some really special people in my role. We are lucky to have a lot of wonderful parents, teachers and staff who are actively involved behind the scenes to help make Newport Lakes Primary School a special place for our children and their families to be involved with. I’ve enjoyed my year of having one of the lead roles at the school and I hope my successor will too. I look forward to continuing to help in the future.

Melanie Davies  
Outgoing Parents Club Co-ordinator  

**Upcoming Events…**

**EASTER RAFFLE: Drawn Friday 27 March**

The Raffle will be drawn at the School Assembly to held earlier than usual, after the Easter Hat Parade in the morning.

**MOTHER’S DAY BREAKFAST: 7:45am Friday 8 May**

Save the Date! Families have the opportunity to come to breakfast at school to celebrate our wonderful Mums. More information to follow.

**GRADE 1/2 DANCE PARTY: Sunday 17 May in the MPR**

Children in Grades 1 and 2 will have the opportunity to bop till they drop at this special Dance Party for them, their siblings and parents. This is a great opportunity for adults to socialise while their children are being led in some fun musical activities by a professional kids entertainer.
School Council met on March 23 with the new members for 2015. We welcomed back parent members Hamish McGill, Leonie Newey, Kylie Halarakis, Mark Arapakis and Louise Du Chesne and welcomed new members Jacqui Lomas, Mark Avramoski, Jake Mansfield, and DET members Matt Williamson, Leisha Liddell, Carol Martins, David Moss (Principal) and Janet Gill (Assistant Principal) as observer. Kylie was re-elected as President of the school council and Hamish was re-elected Treasurer. Leonie was elected Secretary and Jake is Vice President. Congratulations to all office bearers. The sub committees were also formed and they are as follows:

**Finance**: Hamish McGill, Sallyanne Pepe (Business Manager), Kylie Halarakis, David Moss

**Facilities and Management**: Mark Arapakis Jake Mansfield, Mark Avramoski, Mat Williamson, David Moss

**Education**: Janet Gill, Leisha Liddell, Leonie Newey, Louise Du Chesne

**Community and Fundraising**: Jacqui Lomas, Carol Martins, Kylie Halarakis, David Moss

The council discussed a number of important matters including a comprehensive financial report from Hamish and Sallyanne. The school is in a good financial position and has benefited from parent voluntary contributions and from the school’s excellent fundraising efforts.

**Fundraising**
Two grants were awarded from fundraising monies: Jacqui Lomas put one forward for a new freezer for the multipurpose room, to keep the icy poles frozen (in order to raise more funds). The second grant, put forward by Mat, is a contribution to the overall cost of purchasing and establishing a RoboCup Junior capacity at the school. As the website states “RoboCup Junior Australia is a project orientated educational initiative that supports local, regional and international robotic events for young students”. With the technology, students design and program robots to compete against an opposing pair of robots by kicking an infra-red transmitting ball into their designated goal.

Mat and David have been working on raising funds from a number of areas and school council was happy to support this project, which will become embedded within the school for Years 5/6. For more info go to [http://www.robocupjunior.org.au/soccer](http://www.robocupjunior.org.au/soccer). It looks like whole lot of fun and a great way to engage with physics, engineering and computer science.

**Bring Your Own Device - Ipad**
Council also discussed the Bring Your Own Device policy (BYOD) where children are able to bring their own electronic device, such as an iPad, to school in order to enhance their learning. This is obviously a contemporary model of learning and there is some good research that supports the benefits of technology supported learning. One key argument is that BYOD leverages student’s attachment to their devices to deepen learning, individualise learning and bring learning into the 21st century. There are also issues that need to be considered such as equity, cyber safety and making sure the focus remains on learning outcomes and not on the device itself. There are a number of good reviews of the research. From NSW: [https://www.det.nsw.edu.au/policies/technology/computers/mobile-device/BYOD_2013_Literature_Review.pdf](https://www.det.nsw.edu.au/policies/technology/computers/mobile-device/BYOD_2013_Literature_Review.pdf). There is also a good article from The Age [http://www.theage.com.au/national/education/byod-brings-its-own-challenges-for-schools-and-students-20150208-135p08.html](http://www.theage.com.au/national/education/byod-brings-its-own-challenges-for-schools-and-students-20150208-135p08.html)

School Council is currently investigating the proposal of the possible introduction of a 1:1 ip program in the Yr.3/4 area in 2016. School community views and feedback will be shared at the next school council meeting.

Finally, **Every Day Counts** is an education department policy that our school actively promotes. This policy outlines the importance of arriving at school on time (not always easy I know!) and of maximum school attendance. This is not about saying we shouldn’t take our kids away on holidays and miss school, it is about recognizing the social, emotional and learning importance of regular school attendance. If your child is anxious about going to school or has other concerns about attending speak to your teacher. There is more information available here: [http://www.education.vic.gov.au/school/parents/behaviour/Pages/studentattendance.aspx](http://www.education.vic.gov.au/school/parents/behaviour/Pages/studentattendance.aspx)

Children who are frequently late for school or who miss a lot of days during the term suffer in terms of friendships, their sense of connection diminishes and they fall behind their peers in learning. If a child misses about 4 days per term, by the time they are in Year 6 they have missed 6 months of school. The policy recommends parents think carefully about allowing their children to stay home from school if they don’t really need to.

Given that NLPS has robots, icy poles, pods and fantastic playgrounds, I’m thinking our school attendance can only keep getting better!

Best wishes,

Louise
Keyboard & Guitar Music Program

Dear Parents and Students,

ABC Music Group is seeking new enrolments for students interested in joining the INSTRUMENTAL MUSIC PROGRAM in 2015. Lessons are after school on Mondays and the program provides a fun introduction to music and also assists students thinking to continue their music education in secondary school.

PROGRAM FEATURES

- 30 minute group lessons
- Keyboard are provided for each student during lessons
- Parent/Guardian will be invoiced for the cost of the lessons

Keyboard – Guitar ($135 per term plus 2 keyboard books $35 or guitar book $20)

To enrol please go on our website or pick up a form at the school office

http://www.abcmusicgroup.com.au then to “Enrol Now” then to “During School Program” or phone 9427 8049

“I would teach the children music, physics and philosophy, but the most important is music, the patterns of music are the keys to all learning” - Plato

WANTING TO TAKE THE NEXT STEP AND PLAY BASKETBALL?

Westside Basketball Club is looking for new players (boys and girls) interested in playing competitive basketball for the upcoming Winter Season. The Season will commence in 18th April and runs through to October (no games are played over school holidays).

Games are played on a Saturday at the Vic Uni Community Sports Stadium at Whitten Oval. Depending on the team, training is usually held for 1 hour on Monday, Tuesday, Wednesday or Thursday night at either Yarraville West Primary School or one of the Vic Uni courts.

Please feel free to contact the club for further information at info@westsidebasketball.com.au
Do you want to make a positive contribution to a young person’s life? Do you and your family have capacity to provide a safe, supportive and nurturing home environment to a young person in need? Have you ever considered becoming a foster carer?

Werribee Support and Housing’s Bridges Foster Care program provides training and ongoing support for individuals and families interested in becoming foster carers.

Due to an urgent need, we are currently recruiting foster carers. If you are interested in making a positive difference in a young person’s life and want to find out about becoming a foster carer, please contact Bridges Foster care for further information on 9742 6452.

Bridges Foster Care is committed to the future of our young people.

Please contact a Bridges staff member on the number if you are interested.

LEARN NETBALL SKILLS, HAVE FUN

Register your child for Newport Power NetSetGO

NetSetGO is Netball Australia’s junior entry netball program. It has been developed to provide children from 5 to 10 years with the best possible learning and playing experience to develop a positive introduction to netball, ensuring enjoyment and continued participation. Incorporates skill activities, minor games and modified matches in a fun and safe environment.

Registrations are now open for this winter’s NetSetGO season at Newport Power, Bryan Martin Oval, Newport

Saturday mornings 9.30am to 10.30am
Commencing Saturday 18 April

Register online at newportpowerjfc.com.au For further information contact Veronica (veronica.tennant@pacific.net.au) or Mim (mim@brownsonline.com.au)

Hold your next meeting at our place.

At Village Real Estate we get a kick out of supporting local community minded, not for profit groups and associations.

So the next time you’re thinking about organising a bit of a get together, have it our place and it won’t cost you a cent! It’s just another way we’re putting the ‘real’ back into real estate.

To make a booking or for more details just send an email to enquiry@villagere.com.au
