

Year 1 - Learning @ Home, Term 3 Week 2

It is very important that the learning at home program maintains a harmonious family life. If things aren't working out on any given day, please take a break or stop for the day. We are here to help and support you - please let us know if you are having any problems. Remember, it takes a village to raise a child!

Reading

Focus: Identifying the main points

Daily practice - 5 mins: Watch Eliza as she revises these phonemes: **sh, th, ch, ph**. These letter combinations (digraphs) **make only one sound**. <https://youtu.be/jGBaVSIQrbQ>

Have a go at writing some words that have these sounds.

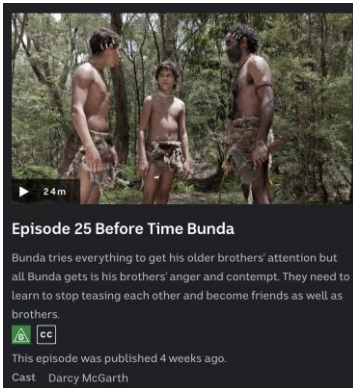

Reading INTRO: As part of our Big Question, 'How has daily life changed over time?', we would like you to view a different video each day this week, which are all based on Nadia Wheatley's book, *My Place*. The teachers have carefully selected which videos we would like you to watch. Remember, we are trying to **compare** life in the past with life now.

Please watch this clip with Amy first: <https://youtu.be/GKHvJ6i3iLo>

Watch 'My Place' Series 2 Episode 25

After watching today's clip, we want you to think of three changes that have taken place, between the time of the video, and now. The first two have been done for you as examples below:

Then	Now
People lived and worked in nature.	People live in houses that have usually been constructed by builders.
People learn in nature.	People learn in a classroom.

You should complete **independent reading** of a 'just right' text for a minimum of 15 minutes. Don't forget to work on your reading goal!

You may like to use Active Learn (details of this were sent by classroom teachers).

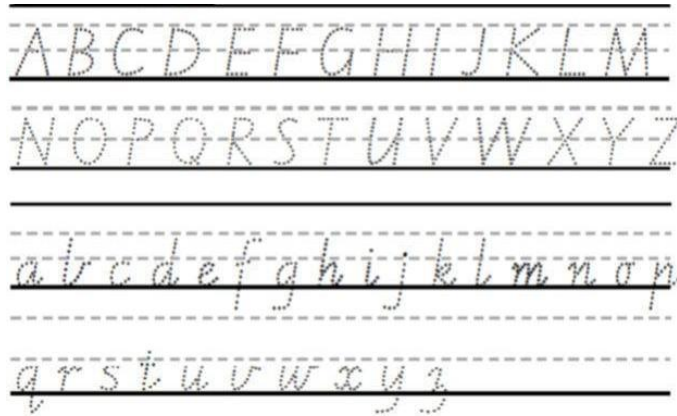

Writing

Focus: Retell writing

WARM UP: *Handwriting Practice (10 minutes)*

Practise writing the letters m, n, r, x, h (5 times each)

INTRO: Watch Mitch start to write a retell about the video from today's reading.

<https://youtu.be/fUPJkZjOyAI>

You will then be writing your own retell to describe today's video about Bunda.

Maths

Focus: Money

Count by: 5s beginning at any number ending with 5 or 0.

Science

This science activity gives children the chance to develop their observation and investigation skills. It asks them to record, sort, compare and discuss the information that they discover. These are all important scientific skills.

What you will need:

- a basket of clean socks

What to do:

1. Think about different ways that you could sort the socks in your basket/drawer.
2. How many socks are there altogether? How many pairs of socks would that be? What else comes in pairs or twos?
3. Talk about these words and phrases: pairs, sorting, the same, the same as, different, etc.

Taking the learning further:

1. How else can socks be sorted? By wearer (e.g. Mum, Grandma, me), by size (small, smaller, smallest), by colour (red, blue, white), by type (sports, school, hiking) ... etc.
2. Work with a partner, to make two piles with one half of each sock pair in each pile. Take a sock from one pile so the other person can't see and describe it, so the

other person can find the matching pair in their pile. You could even describe them to your teddy!

3. Solve this problem: 6 friends went for a walk on the mountain. How many gloves would they need for them to have a pair each?

Reading

Focus: Identifying the main points

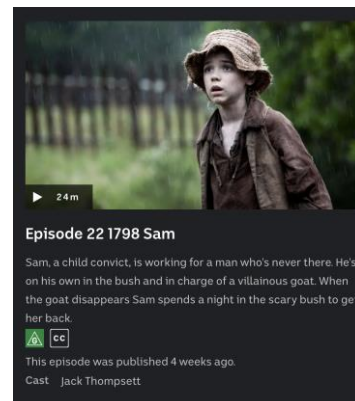

Daily practice - 5 mins: Watch Eliza as she revises the phonemes 'ay and ai'.

<https://youtu.be/-FujHMiT1dI>

Have a go at writing some words that have these digraphs.

Watch: ['My Place' Series 2 Episode 22](#)

After watching today's clip, we want you to think of three changes that have taken place, between the time of the video, and now. The first two have been done for you as examples below:

Then	Now
Children needed to work on farms from a very young age.	Children go to school and begin work when they are much older.
Milk was collected from a goat, who lived at a person's house.	Milk can be bought fresh from a supermarket.

You should complete **independent reading** of a 'just right' text for a minimum of 15 minutes.

Don't forget to work on your reading goal!

You may like to use Active Learn (details of this were sent by classroom teachers).

Writing

Focus: Retell writing

Daily handwriting practice - 5 mins

Practise writing the letters a, d, e, g, o (5 times each)

TASK: Just like yesterday's writing, we would like you to write a **retell** of what took place in the video that you watched today about Sam. You might like to re-watch Mitch's video from yesterday, where he showed you how you might do this.

Upload your writing to Seesaw, so that your teacher can read it and give you some feedback.

Tuesday Retell Writing

Just like yesterday's writing, we would like you to write a retell of what took place in the video that you watched today about Sam. You might like to re-watch Mitch's video from yesterday, where he showed you how you might do this.

Click 'add response' and upload a photo of your work, so that your teacher can read it and give you some feedback.

Maths Focus: Money

Warm-up: (10 minutes)

Spend some time playing the ['Toy Shop Money Game'](#)... click on the 'play game' button when you make it to the website.

Toy Shop Money Game

Play Game

Toy Shop Money is a game for helping children understand Australian money. There are two game modes; the first where children use coins to make up varying amounts to buy the toys and the second where they work out change.

This money game is suitable for children from 4 to 11 years of age as it has varying levels of difficulty. The easiest levels involve working out amounts with coins of the same denomination and the activities progress from counting out amounts with mixed

TASK: Today's task can be found on Seesaw.

How much is it?

Hi Grade 1s,

The instructions for today's task are in the template.

Health: Positivity and Gratitude

Positivity

Being positive means 'looking on the bright side' and finding at least one small 'good bit' within our day. Watch the story of '[Two Frogs in Trouble](#)' (a fable from Russia). One of the two frogs always looks on the bright side of things.

- When have you been positive or looked on the bright side?
- Start each day with a positive song, such as:
[What a Wonderful World](#), [Here Comes the Sun](#), [Zip-a-Dee-Doo-Dah \(Original\)](#)

Showing Gratitude

Gratitude is being thankful for the big things (like having a warm bed to sleep in) and the little things (like sharing a moment of sunshine, or having a warm cat to stroke).

- Draw a tree on a big piece of paper, or use the template available below.
- Draw a leaf on the tree each day; inside your leaf, write a word or draw a picture to show what you are grateful for.

PE

Use Seesaw to watch a short PE welcome video.

Seesaw

Opening/Warm-up – Get your superhero capes and costumes on and complete the [Superhero workout](#).

Bouncing a ball - Last term during a short lockdown, you were given a PE lesson to do at home that focused on bouncing a ball and completing different bouncing challenges.

Click on the link below and watch a short video that explains how to correctly bounce a ball. It is the same one as last term, which will be good revision for you. Have a go at each type of bounce for 2-3 minutes each. [Bouncing PE & Sport Skills - How to teach the fundamentals: Kindy-Grade 2's](#)

Also spend time watching the next video and complete the different types of bouncing challenges. You can do them with another person or by yourself. [Basketball pair drills for PE](#)
